

# The Phi Beta Loyalty Fund

Introduced in 1976, the Loyalty Fund was reactivated during the 2000 National Convention after delegates shared concerns about the future of both fraternity extension and member scholarships. In subsequent years, the Loyalty Fund has proved to be an important vehicle for all Phi Betas. Members or patrons who donate not only help with projects vital to the future of our organization, but also directly impact the lives of members needing assistance in following their career path. Additionally, our Fraternity frequently offers commemorative opportunities for donors who wish to formally honor a special Phi Beta in their lives.
